Report from the President

As we all know, it has been a tumultuous spring and summer around the world. When I listen to the world news, I am reminded of how fortunate those of us are who live in areas not afflicted by drought, famine, war or disease. Experiencing an extended recession and political infighting has its challenges, but they do not compare to the death and destruction of these other disasters. Another thing I have been thinking about is the importance of the work of our members and our organization. All of these critical challenges relate directly to our work of asking key questions, conducting research, using evidence to improve policy and practice, specifying theory, and promoting social and economic development. ICSD members focus on promoting work peace and social justice, fighting economic and political oppression, improving access to adequate health, social care, housing and education, overcoming discrimination against women and minorities, and creating new income, asset building, and other economic structures. The work of ICSD and its members is more relevant than ever!

I am pleased to announce that we successfully completed elections for our open board positions this spring. Our new board members elected to serve for the next four years, 2011-2015, are Dr. Alice Butterfield, USA; Dr. Liljana Richter, Slovenia; and Dr. Judy Shepherd, USA. Drs. Antoinette Lombard, South Africa and Vijayan Pillai, USA were re-elected to a second four-year term. Dr. Mioara Diaconu, USA was elected as Vice President for Special Projects, 2011-2015. Thank you to these individuals for their willingness to serve ICSD in these important roles and also to Drs. Goutham Menon, Mahasweta Banerjee and David Hollister for conducting the election. Thank You and Welcome!

The ICSD Executive Council and Board of ICSD will meet during the CSWE Annual Program Meeting in Atlanta on October 27th, 2011. The Board will be discussing and considering proposals to bring our journal Social Development Issues (SDI) online, strategies to more effectively and efficiently handle membership, roles and duties of Board members, planning for the 18th Biennial ICSD Symposium, and the Call for Proposals for hosting the 19th Symposium. The ICSD Call for Proposals is included in this newsletter. Please consider submitting a proposal or forward to colleagues who you think would be interested.
Dr. Hugo Kamya, Simmons College and Dr. Edward Kirumira, Makerere University are serving as co-chairs for the 18th Biennial ICSD Symposium. The symposium, ‘Opening New Frontiers in Social Development: Challenges and Opportunities’ is scheduled for July 15-19, 2013, Kampala, Uganda. Kampala is the capital and largest city of Uganda, located in the southern center of the country on the edge of Lake Victoria. Planning is underway, local planning committee has begun its work and it is looking to be a fabulous symposium. Look for the call for papers, check out those airline reservations, and start planning for July in Kampala.

Our journal, Social Development Issues, is doing well under the editorship of Dr. Vijavan Pillai and the Chair of its Board of Managers, Dr. Mizan Miah. It remains the leading international journal focused on social development and is one of the primary means by which ICSD achieves its mission, along with the symposium. Ranking of any journal is important. Dr. Pillai has just notified us that SDI has been included by ERA (Excellence in Research, Australia) as a quality research journal. This is excellent news. The support of schools that are Partners in the publishing of the journal makes it possible for ICSD to provide Social Development Issues to our members throughout the world, including those in economically less-developed countries. Under the able leadership of Dr. Mizan Miah the number of publication partners has increased to twelve. Thank you to Boston College, University of Kansas, University of Pittsburgh, Southern Illinois University Carbondale, University of St. Thomas/St. Catherine University, University of Illinois, Urbana-Champaign, SUNY Albany, University of Buffalo, University of Tennessee, Washington University, Monmouth University and Case Western Reserve University for their support. We are always reaching out to our member schools to help us sustain this important journal. If you can become a publication partner, please contact Lyceum Press. We have developed various rates for one to three year partnerships.

The ICSD’s website (www.icsd.info), continues to be a primary means of communicating with members of ICSD and of informing others about the organization. Our Chair of Information Technology, Dr. Dhru Mukherjee is continually updating our website. If you are experiencing any problems accessing the website or have updates, etc. please contact Dr. Mukherjee at Southern Illinois University, Carbondale.

In collaboration with the Free University of Bolzano and under the leadership of Dr. Susanne Elsen our European Branch is hosting their 13th biannual seminar in Bressanone, Italy from September 6-8, 2012. The theme of the seminar is ‘Participatory Democracy and Social Development’. The Asia-Pacific Branch is partnership with the Ministry of Social Affairs, Republic of Indonesia and the Indonesian Association of Schools of Social Work, to host their conference on Envisioning New Social Development Strategies Beyond Millennium Development Goals at the Hyatt Regency Yogyakara, Indonesia from June 27-30, 2012. Please check our website for more information.

ICSD is a wonderful organization because of the commitment and passion of our members. It is a privilege and honor to serve as your President and I am grateful to all of you for the time and talent you contribute to promoting social development worldwide. Thank you for all you do!

A few months ago, I had written to you all alerting to the ranking process of journals underway by the Australian Journal Ranking system. I had requested you to participate in the ranking process by promoting the journal as a ‘A’ tier journal. The 2010 ranking had us at ‘C’. You all came through and I thank you sincerely for your support. I want to thank Dr. Pawar in particular in this regard.

The ranking system (orchestrated by the Excellence in Research, Australia or ERA) had come under severe criticism prior to the last round of ranking. Since then, the ERA has responded to a broad critique of its journal ranking system, indicating that the Rankings were problematic and tended to discourage cross-disciplinary research and that quality articles did indeed appear in what were seen as Cranked journals.

I am very pleased to let you know that the new ERA policy has now removed the A* to C ranking and has instead only included Journals it has deemed as meeting quality review processes. **Accordingly as of now for 2012 evaluations, the ERA has included "Social Development Issues" as a quality research journal.**

Sincerely, Sd/- Vijayan K. Pillai
